

What is the MiamiCare Program?

MISSION: To improve and enhance the quality of life of MiamiCare residents through 3 pillars: **Infrastructure, Building/Housing Stock, and Quality of Life** by offering local and regional resources for short term and long term sustainability.

MiamiCare CARES is a collaboration between the city, community, corporate partners, schools and nonprofit agencies in a concentrated effort to improve the quality of life in a focused area of strategically chosen neighborhoods. The program works with residents, property owners, and businesses to address neighborhood concerns while creating a positive identity and sustainable future.
